## ENDIT

### ODOUR COUNTERACTANT

#### PRODUCT DESCRIPTION

Keeps all surfaces smelling fresh and clean. ENDIT is a water-soluble odour counteractant. Eliminates and neutralizes the source of organic odours including mould, mildew, bacteria and urine on carpeting, furniture and hard surfaces. Can be mixed with cleaning solutions, sprayed, injected or fogged to deodorize large interior areas. Has limitless applications in schools, veterinary hospitals, restaurants and public institutions. For severe requirements, ENDIT SUPER is recommended.

#### WHERE TO USE

Use where odour masking is required, such as washrooms, waste containers, carpets, animal pens and much more.
