ENDIT SUPER

EXTRA STRENGTH ODOUR COUNTERACTANT

PRODUCT DESCRIPTION

A highly concentrated odour counteractant that contains a Quaternary Ammonium Compound to provide biocidal action against bacteria, fungi, viruses and algae. Keeps all surfaces smelling fresh and clean. ENDIT SUPER is a water soluble odour counteractant. Eliminates and neutralizes the source of organic odours including mould, mildew, bacteria and urine in carpeting, furniture and on hard surfaces. Can be mixed with cleaning solutions, sprayed, injected or fogged to deodorize large interior areas. Has limitless applications in schools, veterinary hospitals, restaurants and public institutions.

WHERE TO USE

Use where odour masking and disinfecting is required, such as washrooms, waste containers, carpets, animal pens and much more.
